

2010 Sponsorship Information
For the 7th Contagious Conference™, may we present:
“AUTHENTIC ENGAGEMENT...
Getting to the CORE® of Who You Are and Who You Work With”

When you are a sponsor for an event such as this, you open doors for you and your business to an audience of men AND women ages 35-55, who have confidence, spending power, an interest in bettering themselves, and a new knowledge of what your business will do for them. Your investment in sponsorship is a direct shot in the arm for your marketing, publicity, promotion, and company growth. You will gain leads, make relationships, and build your presence in this community of professionals looking for quality vendors. All that’s left is to choose which type of promotion works for you! (All sponsorships are given category exclusivity for your industry)
